Subject: Pechiney - Draft Land Use Covenant
Draft Covenant and Environmental Restrictions Pechiney Vernon (052914).doc

Hello Chand and Carmen,

As a follow-up on the land use covenant (LUC) for the Pechiney site, as outlined in the RAP and per EPA’s conditional approval for the PCB related matters, we prepared a draft version of the LUC for your review. The attached draft LUC is based on DTSC’s standard template, and includes the PCB elements required under EPA’s conditional approvals. [Please note that the draft LUC has a few place holders highlighted in yellow for information/data that will be added once the below grade/soil removal work is completed].

After your review, we would like to setup a conference call to discuss any comments and/or elements of the draft LUC that need to be addressed. If this works with your schedule, we could setup a call later this month to discuss the LUC? Just let me know what works best for you all.

Thank you, Linda
